C. Helplink/Laundry Project (Steve Wade)

Steve Wade presented to the board and provided a background on Helplink, which was established 10 years ago. It was decided to dissolve Helplink as it was not sustainable to raise administrative dollars. Various programs went to other organizations to continue. Goodwill has indicated they would take on the laundry project short term, which costs approximately \$20,000-\$21,000/year. Helplink currently has about \$9,000 on hand and would like to hand the project off with one year of funding to the adopting organization.

A year and a half ago Shared Family Care received \$15,000 from the DHHS board. They had received approval to run a pilot program from the state, but then the state changed terms and it couldn't be achieved. PRESENT:	Ralph Soffredine, Rodetta Harrand Kory Hansen, Rose Coleman, Robert Barnes, Darcey Gratton Gordie LaPointe	Board Staff Commission
ABSENT:	John Rizzo	Board
GUESTS:		

The regular meeting of the Grand Traverse County Department of Health and Human Services Board was called to order at 9:00 am by Board Chair Ralph Soffredine in the Board Room at the Grand Traverse Pavilions.

Public Comment

Andi Gerring, family member, shared information on the Green House workshop that her and former family member Alicia Dunaske attended at the end of June.

Alicia Dunaske, former family member, requested for staff and board members to look at a different perspective with the metrics used to rate the quality of care. Following Dunaske's suggestions, Soffredine again suggested having her ideas sent to Hansen for his review before bringing new ideas to the board so they have time to look them over instead of public comment.

County Liaison Report – LaPointe shared discussions at the most recent county board of commissioner meetings. The two main topics of discussion were on MERS funding and a study session regarding the airport.

Approval of Agenda – Chair Soffredine asked if there were additions, changes or corrections to the agenda. Motion was made by Harrand to approve the Agenda as presented, seconded by Soffredine and carried unanimously.

The purpose of the **Consent Calendar** is to expedite business by grouping items to be dealt with by one Board motion without discussion. Any member of the Board or staff may ask that any item on the **Consent Calendar** be removed and placed elsewhere on the agenda for discussion. Such requests will be automatically respected.

REVIEW AND FILE

- (1) Minutes of the 6/21/19 Board Meeting
- (2) Hanna Thank You
- (3) Hiebert Thank You
- (4) Ritondale Thank You
- (5) Church Thank You
- (6) Nursing Home License Renewal

- (8) P.E.P. Talk Employee Newsletter – July
- (9) Media Report – June

Motion was made by Rodetta to approve the Consent Calendar, with the exception of #7 pulled for discussion, as presented. Seconded by Soffredine and unanimously carried.

Items Removed From Consent Calendar – The Compass – Soffredine inquired about the most recent nursing home ratings that are provided in the Compass newsletter each month by the Michigan County Medical Care Facilities Council. Coleman reviewed how facilities are rated and stated the new methodology has heavily impacted the star rating on the last survey but the survey history speaks for itself and noted that GTP has not received any citations this calendar year. Discussed.

Second Quarter Overtime Report – Hansen reviewed the written report indicating that overtime for the second quarter was 4.7% of payroll which is a decrease of 19% from the 2nd quarter of 2018. Hansen stated the overtime is mainly due to open CNA positions, FMLA and call-ins. Coleman stated that there have also been multiple retirees this year.

Second Quarter Annual Plan 2019 Update – Hansen reviewed the highlights from the second quarter and stated a lot of time has been spent on recruitment and retention strategies with attending multiple job fairs, more advertising online and on the radio. Flexible hours with shifts have been offered along with more incentives for not calling in. A leadership training program is being developed with the goal of having it in place before the end of the year. Other highlights from the 2nd quarter included the Performance Improvement Plan (PIP) for pain has begun to reduce hospital readmission. Hansen stated that the contracts with Munson for on-site vascular services and Medline for wound care have been finalized and work continues with preparation for the Dialysis Den. The Service Improvement Team (SIT) has changed the STAR Award to the “Service from the Heart” award and created new mission statement cards in an effort to get all employees familiar with the Pavilions’ mission statement. A resident survey was sent out in June and the results are expected to be ready for the board by September. The Concerts on the Lawn started in June and Hansen stated that they are going very well with great weather and attendance. These concerts generated over \$16,000 in gross revenue in June. Sponsorships income of over \$18,000 for the season has also been secured. The Foundation has begun to collect sponsorships for the Grand Event: Life, whose proceeds will be used to support PACE operations. The nursing department continues to prepare for the new Medicare reimbursement model, PDPM that will begin October 1. Hansen stated that after requesting to discuss with the union the option of changing the pension plan for new hires to a Defined Contribution, the union responded that they were not interested. Therefore, the topic will be brought forward during the next open contract negotiations.

PACE Update – Hansen gave an update on PACE North and stated that with the recent approval from CMS we just need to sign the 3-way agreement between PACE North, CMS and the state. Once we have received the countersigned agreement, operations may begin with marketing and enrollment activities. Hansen stated the bond proceeds are down to \$3,000 with only the irrigation system invoice left to submit for the building project. A ribbon cutting ceremony is preliminarily scheduled for August 28 and Hansen said invites will be sent out to board members. Hansen stated that hiring is nearly complete and the website will be ready to go when allowed.

Chief Executive Officer Report – Hansen reviewed his monthly report and stated June was a pretty routine month with many of the highlights previously mentioned in the quarterly report. The Pavilions will be a participating provider as part of a Michigan Health Endowment Fund grant for a CNA training apprenticeship being coordinated by LeadingAge of Michigan, the Apprentice Institute, Area Agency on Aging (Region 3-B) and CareWell Services. The Pavilions sponsored Walk for Wishes/Make-A-Wish Michigan between GTP and Building 50 with residents included in the event. Also in June the MBG National Car Show held their annual convention and residents were able to see the cars parked on the grounds by Building 50. An audit of the Adult Day program and the Cottages was conducted by the State Agency to ensure Waiver participant’s needs are being met. The review went very well and we are awaiting a full report. The final touches were completed on the Pavilions new fountain. Harrand inquired

about the meeting Hansen, Soffredine and Coleman had with Nate Alger, County Administrator and County Commissioners Rob Hentchel and Gordie LaPointe. Hansen stated the meeting was to discuss the liaison's role and the Pavilions' relationship with the county. Soffredine suggested having Steve Girard, attorney from Clark-Hill, provide information on Public Act 280. LaPointe suggested including Alger and Deputy Administrator, Chris Forsyth at that meeting. Hansen indicated that he would look into arranging.

Financial Report – Hansen reviewed the financial operations report for June, 2019. Hansen outlined revenue and expenses compared to budget for each of the Pavilions' programs that include the Medical Care Facility (skilled nursing), The Cottages (Assisted and Independent Living) and Adult Day Services. Additional information was provided on respective census and accounts receivable along with the total cash ending balance. Hansen summarized the review of vouchers for the month that were in order without exception. The Social Accountability Summary was reviewed indicating the amount of uncompensated care provided and volunteer hours for the month. Motion made by Harrand to accept the financial operations report as presented. Motion seconded by Soffredine and carried unanimously.

Request to Purchase – Therapy Laptops - Hansen reviewed the need to replace twenty-five laptops used by the Therapy department. Three bids were received. Motion was made by Harrand to approve the purchase of twenty-five laptops as presented for the low bid of \$19,522.00 from Insight. Motion was seconded by Soffredine and carried unanimously.

Request to Purchase – Commercial Washing Machine - Hansen reviewed the need to purchase and replace the third of four commercial washing machines that are over 20 years old. Hansen stated that the last machine will be included in the capital budget for the following year. Three bids were received and the recommended bid was to A & B Equipment based on the lowest bid price. Motion was made by Harrand to approve the purchase of one new commercial washing machine as presented for \$23,506.00. Motion was seconded by Soffredine and carried unanimously.

MCACA Grant Submission Resolution 2019 - 6 - Hansen reviewed the Resolution to submit the grant application in the amount of \$4,000 from the Michigan Council for the Arts and Cultural Affairs (MCACA) for funding towards the 2020 Concert on the Lawn concert series. Motion was made by Soffredine to approve the grant application to be submitted in the amount of \$4,000 from the MCACA for funding towards the 2020 Concert on the Lawn concert series. Motion was seconded by Harrand and carried unanimously.

Retirees Health Insurance Resolution – Hansen reviewed the request to modify the employer-paid retiree health insurance benefit for eligible retirees who worked at least twenty continuous years for the Pavilions, and who have reached at least age sixty-two at the time of their retirement. With past union negotiations, Hansen stated that full benefits are no longer offered to new hires. Effective 1-1-19, new retirees may be provided a payment of up to \$500 per month (or the single subscriber premium cost to the organization, whichever is lower) up to age 65 to be used for the purchase of health insurance benefits. After reaching age 65, the retiree will be provided a payment of up to \$250.00 per month (or the single subscriber premium cost to the Organization, whichever is lower) to be used for the purchase of Medicare supplemental coverage. This resolution would make the same change to current retirees by offering a monthly dollar stipend. Hansen stated this change allows the retiree to shop around for the insurance coverage that meets their individual needs at the lowest price. The employer would deposit the funds monthly in a MERS Health Savings Account (HSA) which the retiree could also use for other medical-related costs. Hansen also reviewed the legal opinion obtained from legal counsel indicating the organization was on solid legal ground to make this change. Motion made by Harrand to approve the resolution to modify the Retiree Health Insurance Benefit as presented. Motion seconded by Soffredine and carried unanimously.

DHHS Eligibility Worker Contract – Hansen shared the agreement for a Medicaid Eligibility Specialist who would support both PACE North and the Pavilions and each would contribute equally toward the cost. Hansen also noted the state will be picking up the other half of the cost. Hansen stated there will be a correction to add the six additional counties in the PACE service area to the "COUNTY(IES) SERVED" line. Motion made by Soffredine to approve the DHHS Eligibility Worker Contract with the correction. Motion seconded by Harrand and carried unanimously.

ADJOURNMENT – 1:15 pm

Lynette Wolfgang, Secretary

TO: Chair – Board of Commissioners
FROM: Brad Kluczynski, Manager
DATE: September 9, 2019
SUBJECT: **REPORT FOR THE SEPTEMBER 18, 2019 MEETING
AT 8:00 A.M. IN THE COMMISSION CHAMBERS
400 BOARDMAN AVENUE, TRAVERSE CITY**
cc: Board of County Road Commissioners

A GTCRC representative will be available to provide more detailed responses on the following items.

1. **Bush Road** - Bush Road private property owners are signing an agreement. They have retained a contractor to perform summer maintenance. Consequently, we are now in a position to enter into an agreement with Green Lake Township to continue our historic method of winter operations on Bush Road.
2. **Traffic Signal Optimization** - OHM will begin its traffic signal optimization later this summer. This will allow normal traffic patterns to resume following summer road construction.
3. **MDOT Road Safety Audit (RSA)** - The RSA was performed at Potter/Garfield Road intersection and the final recommendation has been received. After on-site visits and reviewing past safety efforts at this intersection, the RSA Committee is recommending a roundabout be constructed. The Board authorized staff to submit a safety grant when MDOT advertises a call for grants.
4. **Budget Amendment 2019 #2** - The Board approved the second budget amendment for 2019. The amendment reflects delayed projects, changes due to increased winter maintenance expenses and other items to reflect current revenues/expenses.
5. **OPEB Waiver** - Our annual OPEB waiver was submitted. Past efforts to reduce these costs have significantly reduced our unfunded post-employment benefits cost.
6. **East-West Corridor Study Recommended Solutions** - The Board directed staff to begin the process of basic reviews of all the recommended solutions. General project costs will also be windshield estimated. Below is the first of many preliminary reviews on the “low-hanging fruit” solutions.
 - 1) River Road/Keystone-Beitner Road is proposed as a roundabout. There are no homes in the affected area; although, one residential drive needs review.
 - 2) Hammond Road/Four Mile Road is proposed as a roundabout. Right-of-way would be required from the church and farm market and two vacant parcels.
 - 3) Cass Road/Keystone Road is proposed as two-lane roundabout. Right-of-way may require a take, as well as realignment of a soccer field entrance and residential driveway realignment.
 - 4) Hammond Road/Keystone Road would have signal head and pavement marking changes to allow west-to-south double left-turns and a section of dual southbound lanes on Keystone Road.

Additional work sessions will be scheduled, with the next Work Session is scheduled for Tuesday, September 17, 2019 between 6 and 9 PM.

7. **Public Hearing of September 26, 2019** - The Board will a public hearing on two items. First are changes to right-of-way permits for events. The second is private sewers in county road right-of-way. The times are set for 7:15 and 7:20 PM respectively.
8. **Preventative Maintenance Guarantee** - The Board adopted change in their Local Match Contribution Policy for roads that are rehabilitated, reconstructed or newly constructed. Participating entities will have up to a five-year, no cost repairs to roads that have structural failures of subgrade, base and wearing surfaces. It does not cover routine wear.
9. **M-37 in Peninsula Township Jurisdictional Transfer** - The Board elected to accept the jurisdictional transfer of M-37 in the Old Mission Peninsula, Option B. This option allows GTCRC to perform the schedule maintenance of the road, rather than MDOT. There are long-term advantages to this transfer for GTCRC.

	Estimated Time:	0	Laptop Presentation:	No	
		(in minutes)			
Summary of Request:					
<p>This is a renewal of the professional services contract for Medical Director of the Health Department. Medical director oversight is required for many clinical programs standing orders, supervision of nurse practitioners, physician assistants and nurses, and required through accreditation as a local health department. R325.13002 requires the medical director to be a physician licensed in Michigan as a MD or DO, and has an public health masters degree . Additionally, public health reproductive health program accreditation requires that the medical director must be a licensed, qualified physician, with special training or experience in family planning and a drug control license for each of our 3 locations where clinical services are provided. Dr. Collins meets all of these criteria.</p> <p>Additionally, Dr. Collins is active in the community working to educate and prevent opioid use as an appointed advisory board member to the Grand Traverse County Drug Free Coalition and harm reduction services. He is an integral part of the Health Department's Performance Management team providing quality assurance reviews of medical charts and establishing clinical services protocols and policies and currently actively involved with our PFAS well water response activities and several vaccine preventable disease responses. Dr. Collins is an approved Medicaid and Medicare provider and his license is linked to all of our billable services and clinical fee revenue. A change in medical director at this time would result in decreased capacity to respond to public health day to day operations.</p> <p>This contract renewal is effective until October 1, 2019 and is a 2 year term. There are no changes in contract terms or monthly payments to the medical director. Per county policy, this professional services contract is excluded from the bidding process due to the quality and complexity of service being provided.</p>					
Suggested Motion:					
Approve contract renewal for Medical Director Services Agreement with Dr. Collings for 2 year term from October 1, 2019 to September 30, 2021.

Summary of Request:

Included with this Action Request Memo, are proposed amendments to the County's approved MIDC Compliance Plan and FY20 Cost Analysis. The amended Compliance Plan provides for a third party vendor coordinator who would be responsible to ensure that there is compliance with the indigent defense standards as stated in the Compliance Plan, and would be responsible to report such compliance to the MIDC. Because of this amendment, the County's 2020 approved cost analysis also is amended to reflect an added cost of \$30,000, which includes an increase in the state grant and local match. However, this increased cost of having a coordinator does not impact the County's budget for MIDC related services.

The MIDC will review and act on the proposed amendment at their next regular meeting to be held on October 15th. If approved, I will then issue a request for proposal at the end October. Under the proposed amendment, and subsequent RFP, only a licensed attorney with experience in criminal law may serve as a coordinator. Moreover, although not stated in the amended Compliance Plan and Cost Analysis, the intent would be to pay the coordinator an annual fee of \$68,000 for the services, which again does not negatively impact the budget.

Suggested Motion:

RESOLVED that the Board of Commissioners approves of the amended MIDC Compliance Plan and FY20 Cost Analysis, authorizes the Chairperson of the Board of Commissioners, Deputy Administrator and Finance Director to execute the documents, and directs Administration to submit both documents to the MIDC for their review and acceptance.

MICHIGAN INDIGENT DEFENSE COMMISSION

Amended¹

Compliance Plan for Indigent Defense Standards 1 – 4

INSTRUCTIONS

Local indigent defense systems have until **November 20, 2017**, to submit to the Michigan Indigent Defense Commission (MIDC) a plan for compliance with the first four approved minimum standards for indigent criminal defense services. This document includes instructions and a compliance plan structure for the submission and information on how to calculate your request for state funding. All application questions must be answered within the requirements, and all attachments and signatures included for a complete application. Failure to submit a complete application will result in the application being disapproved and returned, per MCL 780.993(4). Applications should be submitted through the MIDC's web portal at <http://portal.michiganidc.gov/>.

The application document includes the following sections: Applicant Information, Compliance Plan Narrative, Cost Analysis, Local Share Calculation, Data Collection, and Grant Calculation. The MIDC website, <http://michiganidc.gov>, hosts helpful information for compliance planning including additional guidelines, detailed white papers on each of the four standards and several model plans including sample cost analyses for different local indigent defense delivery systems.

Guidelines for the Cost Analysis and Local Share in the Compliance Plan

All proposed, estimated, or actual expenditures reported in either the Cost Analysis or the Local Share should be reflective of direct indigent defense system activities. For any funding requests for ancillary agencies, the claimed expense must be reasonably and directly related to the indigent defense function, with a clear justification and compelling rationale. The Local Share calculation – which acts as a baseline for continued funding unit contribution to the indigent defense system – may be reported as an estimate if the actual funding level cannot be calculated. If an estimate is provided for the Local Share, the methodology to calculate the estimate must be reported. All Local Share calculations must be certified

¹ All amendments to the Compliance Plan are in red font.

by the authorizing official on the application. The following instructions provide general guidance for the Cost Analysis and, specifically, the enhanced costs to meet the provisions of the four standards. The costs, expenditures, and rates proposed are presumed reasonable; variations will be considered on a case-by-case basis.

Standard 1 - Indigent defense systems may achieve this standard by having attorneys register for a specific training or by facilitating a local or regional training program. Registration for CLE hours will be allowed at the rate of \$25 per credit hour. Instructors for training programs will be reimbursed at reasonable consultant rates commensurate with the local market. A guideline for illustrative purposes may be up to \$75/hr. with allowance for program development and preparation time for the training. Travel expenses for the attorneys to attend training or instructors for training programs will be reimbursed at current State of Michigan travel rates for mileage, meals, and lodging, if needed.

Standard 2 - Attorney time to meet this standard will be reimbursed according to reasonable local attorney rates, whether salaried, contract, or assigned attorneys. To facilitate early communication, practical use of technologies available for digital face-to-face communication may be employed. Supplies and equipment needed for technology-based communications will be considered. If it is necessary to create or alter building space to provide a confidential setting for attorneys and their clients, renovation expenses are allowed up to a maximum of \$25,000 per location. Requests exceeding \$25,000 will be reviewed with higher due diligence and considered with accompanying documentation for justification.

Standard 3 - Expenses for investigators will be considered at hourly rates not to exceed \$75. Expenses for expert witnesses will follow a tiered level of compensation based on education level and type of expert,* not to exceed these amounts:

High School or Equivalent	\$30/hr
Associate's Degree	\$50/hr
Bachelor's Degree	\$70/hr
Master's Degree	\$85/hr
Crime Scene and Related Experts	\$100/hr
CPA/Financial Expert	\$100/hr
Pharmacy/PharmD	\$125/hr
Information Technology Experts	\$150/hr
Ph.D./Licensed Doctor	\$200/hr

**The table of expert hourly rates is adopted from the guidelines published by the North Carolina Indigent Defense Services Commission. Variations will be considered on a case-by-case basis.*

Each indigent defense system will be limited to a capped amount of funds for investigators and experts based on the total new circuit adult criminal filings within the jurisdiction in the most recent calendar year, as reported and certified with the State Court Administrative Office. Systems within district courts of the 3rd class are considered in Tier I unless special circumstances are presented.

0 - 499 cases/year = Tier I - \$10,000

500 - 999 cases/year = Tier II - \$25,000

1,000 – 9,999 cases/year = Tier III - \$50,000

Over 10,000 cases/year = Tier IV – To be determined bases on further discussion and review of records of the system(s)

Standard 4 - Attorney time to meet this standard should be reimbursed according to reasonable attorney rates, whether salaried, contract, or assigned attorneys. Methods for implementation can include on call or appointed attorney systems, or other efficient models.

AMENDED

COMPLIANCE PLAN NARRATIVE

Briefly describe the indigent defense delivery system(s) – contract, assigned counsel, or public defender – that the funding unit(s), for which this application is being considered, employed to deliver services before the MIDC Act took effect (July 1, 2013).

Currently, the 86th District Court and the 13th Circuit Court ~~will continue to~~ utilize an assigned counsel system to provide representation for indigent defendants. None of the attorneys are salaried employees of the funding unit and are paid a per-case or per-hour fee depending upon the type of case.

By submitting this amended plan, Grand Traverse County intends to retain the existing counsel system but assign the responsibility of compliance with the MIDC Act to a new Indigent Defense Coordinator position (“Coordinator”). The Coordinator shall be a licensed Michigan attorney qualified to be an Indigent Defense Counsel. Grand Traverse County intends to partner with one or more neighboring counties to contract with an experienced criminal defense attorney for the overall management of the assignment system, and compliance with current and future standards. More specifically, Grand Traverse County’s contract with the Coordinator will require him or her to be responsible for, included but not limited to, the following:

- (1) Verify that Indigent Defense Counsel have completed the required education and training;
- (2) Verify that Indigent Defense Counsel have completed client interviews prior to arraignments;
- (3) Appear at all felony and misdemeanor arraignments with indigent defendants, or ensure that other Indigent Defense Counsel are present for arraignments;
- (4) Maintain the list of Indigent Defense Counsel to be present for all proceedings;
- (5) Monitor the rotation of the Indigent Defense Counsel list;
- (6) Provide notice of the rotation schedule to all eligible Indigent Defense Counsel as well as notice of each appointment;
- (7) Oversee and approve attorney invoices for handling arraignments and appointments;
- (8) Oversee and approve investigators and/or investigator fees;
- (9) Oversee and approve expert witnesses and expert witness and other extraordinary fees;
- (10) Comply with all statistical and financial reporting requirements to the MIDC as may be mandated by state law or under the terms of an executed grant agreement.

Generally, how does the system(s) intend to comply with the MIDC standards 1-4? Please address whether you will continue with the model in place above, whether you have already made a transition to a new delivery system, or whether you intend to transition to a new delivery system.

The plan is to continue to operate in ~~the same~~ a similar manner with oversight of this compliance plan by the Coordinator as described above and throughout this compliance plan. The County also reserves the right to modify ~~ication~~ this plan as the MIDC Standards are released, because of the anticipated financial and operational impact to the Funding Unit to change the model of service. Future discussions are reserved as necessary in the event the delivery model should be necessary to change.

Please identify the name and position held (e.g., county administrator, judge, defense attorney, etc.) for each person involved in the compliance planning process for this delivery system.

*List is subject to addition/deletion

Standard 1 – Training and Education

Attorneys with fewer than two years of experience practicing criminal defense in Michigan shall participate in one basic skills acquisition class. Do any of the attorneys included in this plan have fewer than the required experience and require this training? How many?

None currently. However, the budget includes registration for CDAM Trial Skills College for one new attorney as we anticipate that the roster of attorneys may change by FY2019. It is likely that will include one attorney with fewer than two years of criminal defense experience.

All attorneys shall annually complete at least 12 hours of continuing legal education. How many attorneys require training in this plan?

All current and future attorneys require CLE.

- Registration Fee
- Mileage: IRS tax rate
- Hotel & Food: IRS tax rate (consistent with rate paid for assistant prosecutors)

How will the funding unit(s) ensure that the attorneys satisfy the 12 hours of continuing legal education during the plan year?

Currently, the 86th District Court requires attorneys to attend one-day of CLE and provide verification to the Court Administrator. This process will ~~continue~~ **be modified** with the additional requirement to document the completion of 12-hours of CLE, rather than just one day **and provide that to the funding unit or Coordinator for required reporting instead of the Court Administrator.** *The Attorney is currently responsible for these costs.*

Currently, the 13th Circuit Court requires attorneys to attend one continuing education seminar through an approved organization such as the Criminal Defense Attorneys of Michigan (CDAM) once every two years.

Continuing legal education costs will be incurred and paid by the Funding Unit, as noted above. The Estimated costs for 16 attorneys are as follows:

Number of Attorney	Reimbursement	Cost	Total
Up to 16	Conference Registration	\$300/atty	Up to \$4,800
Up to 16	Mileage (475 miles)	\$0.535	Up to \$4,066
Up to 16	Hotel (3 nights)	\$129/night	Up to \$6,192
Up to 16	Food (4 days)	\$46/day	Up to \$2,944
Up to 1	Trial skills college CDAM Training	\$900	Up to \$900

Costs are dependent upon membership of the attorney in CDAM and are subject to change. If additional attorneys are added to serve indigent defendants the costs will continue to increase.

Standard 2 – Initial Interview

When a client is in local custody, counsel shall conduct an initial client intake interview within three business days after appointment. When a client is not in custody, counsel shall promptly deliver an introductory communication so that the client may follow-up and schedule a meeting. To be successful, this requires immediate notification of appointment and client contact information.

How does the plan facilitate immediate attorney assignment and notification of new cases? How will the system ensure attorneys are completing their interviews within three business days? How will the initial interview be accomplished?

The 86th District Court assigns public defenders for misdemeanor cases at arraignment. The Court Appointed Attorneys are notified via e-mail of the appointment from the Court with contact information for the defendant. For felony appointments of Court Appointed Attorneys, the District Court sends the file/order to the Circuit Court for appointment by the Circuit Court's Office and the Court assigns the Court Appointed Attorney. The Attorney is notified via e-mail that they have been appointed to the case with contact information for the defendant.

Upon notification of assignment, the Court Appointed Attorney sends a letter to the defendant with the Attorneys contact information and request to be contacted to discuss the case.

The requirement to conduct an interview with the defendant within 3-days is a new requirement for both the 86th District Court and the 13th Circuit Court. This additional work will require additional compensation to the Court Appointed Attorneys. The estimated cost is \$85 for each case. In 2015, there were 1,171 Court Appointed Cases in Grand Traverse County. At an estimated minimum of 1hour, the annual cost could exceed \$99,500. Interviews may be conducted through electronic means. ~~Prisoner interviews are necessary within an appropriate amount of time and access is necessary to defense counsel. It is requested that MDOC make polycom/phone available as needed for defense attorneys.~~ Prisoner and out-of-county interviews shall be conducted within a reasonable period of time when confidential Polycom/telephone access is permitted by MDOC or the out-of-county facility. MDOC is urged to make these confidential Polycom/telephone communications available to defense counsel, in keeping with the purposes of Standard 2.

~~Verification of the completion of the interview will be tracked on the invoice submitted for payment by the Court Appointed Attorney.~~ Indigent Defense Attorneys will be required to verify to the Coordinator that they have met with their locally incarcerated clients within three business days, or when the clients are not incarcerated, delivery of introductory communication. The Coordinator will develop a policy and protocol regarding verification and appropriate standards.

This standard further requires a confidential setting be provided for all client interviews.

Does the jail have confidential space for attorney-client interviews? Describe the space available for the interviews or the plan to provide confidential space.

The County's jail was originally constructed in the 1960's and modified numerous times since. While there is space available, the space is not adequate and will require renovation. The renovation will require design services, furniture, security systems to monitor entering and exiting of the confidential interview space, and may require additional officers to monitor and move inmates from the jail to the "attorney-client interview area."

The estimated costs for remodeling would require an initial appropriation of \$5,000 and subsequent appropriations for the project costs which would be determined through the study. Additional staff time would also have to be evaluated in that study to determine the best means available to maintain security in the facility.

Estimated total costs could be up to \$32,893 for the renovation. Additional staff costs will be required for one additional officer. In order to provide full-time 8-hours per day access to inmates for attorney visits at least one full-time corrections officer would be needed to ensure access and security. The estimated cost would be:

Annual Gross	PTO 5 days assumed	FICA (7.65%)	Medical Benefits	STD/LTD	Life Insurance	Retirement (6% assumed)	Workers Comp	Total for Position
\$ 44,054.40	\$ 847.20	\$ 3,434.97	\$ 13,844.99	\$ 440.54	\$ 125.60	\$ 2,694.10	\$ 44.05	\$ 65,485.85

Does the courthouse have confidential space for attorney-client interviews? Describe the space available for the interviews or the plan to provide confidential space.

The Courthouses have space available for attorney-client interviews. Small conference rooms are available throughout the building. However, depending upon the definition of confidentiality not all preserve confidentiality due to sight and sound movement. Some offices have shaded glass windows while others do not. Some modification may be necessary with further definition of confidentiality. While sufficient space is available, access to that space so as to allow confidential communications between counsel and their in-custody clients is limited and modifications are required, such as access to use of the jury rooms and holding rooms with floor chains.

86th District Court in the Hall of Justice currently has holding cells that are not used because they do not provide the security requirements as needed by the correctional facility.

Standard 3 – Experts and Investigators

This standard requires counsel to conduct an independent investigation. When appropriate, counsel shall request funds to retain an investigator to assist with the client's defense. Counsel shall request the assistance of experts where it is reasonably necessary to prepare the defense and rebut the prosecution's case. Counsel has a continuing duty to evaluate a case for appropriate defense investigations or expert assistance.

How will this standard be complied with by the delivery system?

~~This will continue to follow the same process as is currently undertaken.~~ **The Coordinator will oversee and approve investigators and/or investigator fees as well as expert witnesses and expert witness fees. The Coordinator will continue to follow the guidelines as adopted by the 13th Circuit and 86th District Court that provide for reimbursement.** ~~Consistent with the current process,~~ The following applies for the 86th District Court:

The County agrees, upon Court approval, additional costs such as, but are not necessarily limited to: long distance and collect telephone charges (if they are accepted by counsel for a client), reproductive or transcription expenses for which third-party charges are incurred, expert witness fees and reports, certified document charges, polygraph and mental examination fees and/or reports, subpoena and mileage fees advanced, and mileage or prevailing County reimbursement rates for out of county consultation and/or investigation relative to case merit. Reimbursement shall be added to the next payment due the attorney so requesting. Execution of the necessary County documents, as approved by the Court and the

County Finance Committee, shall permit disbursement of the reimbursement sought as an increment to the next remittance.

~~Consistent with the current process,~~ The following applies for the Circuit Court:

The County will reimburse counsel for expenses reasonably incurred in the defense of the litigation; e.g., necessary medical and legal records, expert witness examination and testimony, fees for photographs and costs for photocopies of police reports... Miscellaneous expenses such as postage, telephone expenses and photocopying charges, other than for police reports or necessary medical or legal records shall be included in the contract case amount...

Should costs exceed the local share, it is expected that up to an additional \$20,000 will be necessary to cover additional expert and investigation costs.

Standard 4 – Counsel At First Appearance and Other Critical Stages of the Case

Counsel shall be appointed to provide assistance to the defendant as soon as the defendant's liberty is subject to restriction by a magistrate or judge. All persons determined to be eligible for indigent criminal defense services shall also have appointed counsel at pre-trial proceedings, during plea negotiations and at other critical stages, whether in court or out of court.

How will this standard be complied with by the delivery system?

Currently, Court Appointed Attorneys are appointed at arraignment by the judge. In order to implement this Standard, the County may have request a rotation of on-call scheduled Court Appointed Attorneys or to retain additional Court Appointed Attorneys to be available on a daily basis.

It is proposed that in order to meet this standard that the existing Criminal Defendant Attorneys rotate daily representation at every criminal arraignment. ~~The proposed fee of \$500 will be paid each day for all time required to work during their rotation. If scheduled on-call rotation is required 5 days per week, the estimated annual cost to have a Criminal Defense Attorney available on scheduled days: 260 Business Days at \$500 per day = \$130,000. In addition, an on-call fee of \$100 shall be paid to each additional defense attorney required in cases involving co-defendants arraigned on the same day or in the event of other conflicts of interest.~~ There will be a payment of \$600 for a half day to handle arraignments to be scheduled in the morning, which is split equally between the two attorneys handling the arraignments. There may be additional District Court arraignments, and Circuit Court felony probation violation arraignments set in the afternoon. Attorneys will be compensated an additional \$100 for handling such arraignments in the afternoon. Additional District Court staff time will be required to access and provide Criminal Defense Attorneys law enforcement information network information, which ensures that the

Attorneys are adequately representing defendants at arraignments and other critical stages of the proceedings.

Court Appointed Attorneys will be required to attend all pre-trial proceedings, during plea negotiations and at other critical stages, whether in court or out of court; or to have an authorized individual in their stead.

On June 18, 2019, the MIDC approved Grand Traverse County's FY20 Compliance Plan and Cost Analysis. The approved Cost Analysis is attached to this amended Compliance Plan with all amendments to the Cost Analysis in red font.

COMPLIANCE PLANNING COSTS

COMPLIANCE PLAN GRANT REQUEST	\$628,678

The Local Share is defined as an indigent criminal defense system's average annual direct expenditures for adult criminal defense services for three fiscal years preceding the creation of the MIDC Act (effective July 1, 2013). Collections or reimbursements made to the system for partially indigent defendants are applied to the calculation.

Expenditures to be included in the calculation:

- ~~Payments to criminal defense attorneys (contracts, public defenders, appointed systems, hybrid systems) for providing indigent adult criminal defense services including services for expedited docket programs, criminal contempt, juveniles waived into adult court, appeals from district to circuit court or eligible interlocutory appeals to the Court of Appeals~~
- ~~Payments to experts and investigators~~
- ~~Other expenses including attorney supplies, travel, or training~~

Services not included as expenditures:

- ~~Post-sentencing appeals~~
- ~~Probate, Juvenile Delinquency, Abuse and Neglect cases~~
- ~~Civil Contempt~~
- ~~Counsel at lineup (before charges are filed)~~

Reimbursements:

- ~~Fees paid by or on behalf of a defendant for indigent criminal defense services including payments by the Michigan Department of Corrections and grant payments that include indigent defense services as eligible grant expenditures (i.e. expedited docket programs)~~

If the actual expenses and reimbursements cannot be calculated as exact, identify that you are providing estimates and discuss the methodology for determining the estimated local share.

FISCAL YEAR	TOTAL EXPENSES	REIMBURSEMENTS	NET EXPENSES
2010	-\$495,361	-\$278,810	-\$216,551
2011	-\$360,058	-\$256,472	-\$103,586
2012	-\$391,013	-\$250,410	-\$140,603
Average of Three Fiscal Years	-\$415,477	-\$261,897	-\$153,580

Certification: I certify to the best of my knowledge and belief that the calculation of the local share is correct and complete and that all fiscal details included are direct indigent defense system expenditures and reimbursements in the given fiscal years.

Data Collection

In the future, the MIDC expects to collect data on the following topics related to the first four standards. Data points include “system-wide data” (pertaining to each indigent defense system), “attorney-level data” (pertaining

to each attorney) and “case-level data” (pertaining to each individual court case). This list is not exhaustive but offers guidance on the types of data that will be critical to demonstrating standards compliance.

System-Wide Data Points

- Local requirements for training
- Existence of local training options
- Structure of any local administrative bodies responsible for identifying training needs and implementing training
- Mechanism(s) and timeline for notifying attorneys of new appointments
- Existence of confidential space for attorney-client interviews in holding facilities and courthouses
- Mechanism(s) by which attorneys request investigators or expert witnesses
- Delivery models for provision of counsel at first appearance

Attorney-Level Data Points

- P numbers and contact information
- Total number of annual completed CLE credits
- Location, date and content of all completed training courses

Case-Level Data Points

- Defendant request for appointed counsel
- Court appointment of counsel and date
- Date of attorney notification of appointment
- Date of initial client interview
- Request for investigator, date granted or denied
- Request for expert witness, date granted or denied
- Presence of counsel at first appearance
- Mechanism by which counsel at first appearance was provided • Type and amount of bail issued, if any

The MIDC Act, MCL 780.993 (9), requires the state to appropriate funds for the reasonable costs associated with data required to be collected by the MIDC in excess of the local government’s data costs for other purposes. Costs associated with data collection are not required to be submitted with this compliance plan submission but will be addressed at a future date and are remarked here for informational purposes.

Ms. Bonnie Scheele

County Clerk

400 Boardman Avenue

Traverse City, MI 49684-2577

Ms. Scheele:

In response to your letter of September 3, 2019 regarding my nomination as a Democratic Canvasser I provide the following:

I am interested in serving on the Board of County Canvassers and will, to the best of my ability, discharge all duties faithfully.

I have been a candidate for public office in Grand Traverse County. In 2018 I ran for the position of the Board of County Commissioners in District 4. I have also been active, in both Michigan and Indiana (my previous residence), in local politics in support of local, state and national candidates and issues. Generally, but not always these candidates have been Democratic Party candidates. I presently serve as a Precinct Delegate for the Democratic Party in Grand Traverse County and am an appointed member of the Green Lake Township Planning Commission. Additionally, I have served on committees in support of Democratic Party candidates and have supported candidates for local, state, and national office with both financial contributions and volunteer work. I have marched with and canvassed door to door for particular candidates, but I have not served in an elected or appointed position to monitor election processes or results. I attended the Democratic Party Convention in 2018.

I attest that I have not been accused of or convicted of a felony or an election crime.

It would be my great privilege to serve Grand Traverse County in this capacity.

Respectfully,

Stephen A. Horne

Summary of Request:

The Sheriff's Office is requesting that a Court Bailiff Program be established for the Probate, Family Court and 86th District Court as a separate division within the Sheriff's Office. Five to six part-time bailiffs equivalent to 2.5 full time employees would be hired and overseen by the Sheriff's Office. A projected start date is November 1, 2019, with funds available from the MiDC Grant, the Probate, Family, District Court and Sheriff's Office current 2019 budgets. Funding for 2020 would come from the MiDC Grant and reductions in the recommended 2020 Court and Sheriff's Office budgets. Bailiffs for the Hall of Justice greatly assist with staffing issues in the jail which would mean more corrections officers in the jail for more and increased safety for the corrections officers and inmates, less overtime and, most importantly, a reduction or elimination of forced overtime, the ability to house more inmates in the Grand Traverse County Jail and reduce the need to house inmates in other facilities, and the ability to allow more programming which has been eliminated due to the need to move inmates in the facility. Powerpoint presentation at the Board meeting.

Suggested Motion:

To implement a Bailiff Program within the Sheriff's Office budget beginning on or about November 1, 2019, using identified funds in various court and sheriff's office budgets and MiDC funds.

Summary of Request:

Grand Traverse County Administration is comprised of 4 employees, Chris Cramer, Administrative Assistant to the Board of Commissioners, Sarah Adams our Office Manager, Chris Forsyth, our Deputy Administrator, and me. Mrs. Cramer, a county employee that has served the Board of Commissioners with distinction for more than 18 years, has informed me that she has plans to retire from Grand Traverse County within the next 4 to 6 months. We need to locate a replacement for Mrs. Cramer as soon as possible so her replacement can work with her and learn what she does for the Board and for the county.

Due to various projects we have been asked to do, we are collectively very busy and I am concerned that having a vacancy would have an additional impact on the ability of the Administrative Team to accomplish the tasks at hand. I am requesting that the Board of Commissioners give me approval to hire a transitional employee as soon as possible. We will go out for applications and report progress back to you.

GRAND TRAVERSE COUNTY

GRANT POLICY

PURPOSE

To maintain proper administrative and fiscal control of all funds appropriated to the County from the Federal, State and local governments, non-profit agencies, and other sources, this policy sets forth guidelines for the application, acceptance and administration of grants for the County.

Departments are encouraged to seek revenues in the form of grants or other funding sources to expand programs and services to meet existing community needs which are consistent with the established mission of the County and the submitting department or court. While the Board of Commissioners supports these efforts, no commitment will be made for funding beyond the grant period.

GRANT APPLICATION APPROVAL

All grant applications will be required to obtain approvals as follows:

- A grant application requiring no County financial match or financial commitments that have been budgeted and acknowledged in the budget process may be submitted with notification to the Administrator and Finance Director.
- A grant application requiring in-kind services requires approval of the Administrator.
- A grant application that requires financial commitment from the County not budgeted or budgeted but not acknowledged as such in the budget process requires the review of the Finance Director and approval of the Administrator and the Board.
- A grant application that creates a new employee position requires Board of Commissioners approval.

GRANT ACCEPTANCE

All grant agreements will be accepted as follows:

- A grant agreement requiring no County financial match or financial commitments that have been budgeted and acknowledged in the budget process may be

accepted with notification to the Administrator and Finance Director and the signature of the Board Chairman, or a designated official where authorized.

- A grant agreement requiring in-kind services requires approval of the Administrator and the signature of the Board Chairman, or a designated official where authorized.
- A grant agreement that requires financial commitment from the County not budgeted or budgeted but not acknowledged as such in the budget process requires approval of the Administrator and the Board and requires the signature of the Board Chairman, or a designated official where authorized.
- A grant agreement that creates a new employee position requires Board of Commissioners approval.

Copies of final grant agreements must be provided to the Administrator and Finance Director within 30 days of receipt of agreement.

EXPEDITED APPROVAL

In an emergency or unforeseen situation, the Administrator, in consultation with the Board Chairman and the Finance Director, may make an exception which must be ratified by the Board of Commissioners as soon as possible. An emergency is defined as an act that prevented the grant from being completed under normal procedures (i.e., a grant application was received and requested to be submitted prior to a Board meeting).

REPORTING

All reports, including close out reports, must be provided to the Finance Director within 15 days of submittal to the grant administration agency.
